

YOUNG'S
FOOT CLINIC
PRICE LIST

Initial Podiatry Consultation - £62

This appointment welcomes you to Young's Foot Clinic. You will have a full assessment and up to 30 minutes of treatment of your foot or ankle complaint.

Express Podiatry - £38

Do you simply wish to have healthy nails trimmed or a single corn/callus removed? This is the appointment for you! For existing patients only.

Follow-Up Podiatry - £52

Our most popular appointment that includes full assessment and treatment of your foot problems, including more complex nails, multiple corns, extensive callus or verrucae.

Premium Podiatry - £65

Our premium podiatry package includes all elements from our Follow-Up Podiatry appointment and would suit someone with perhaps heavy callus or just additional time for a touch of pampering.

Verrutop – £57

Verrutop is a new verrucae treatment which is a topical solution based on a unique combination of three organic acids. This treatment has a success rate of approximately 75% on the soles of the feet and 90% on the toes.

Falknor's Needling - £290 (£50 deposit required)

Falknor's Needling is the use of a needle to pierce the verrucae lesions to create a cellular response at the site of the verrucae.

Nail Surgery – from £385 (£50 deposit required) - £75 for each additional toe

Nail surgery is a minor operation that involves the removal of a small portion of nail. Ingrown nails pose a great risk of infection and pain, nail surgery offers a permanent solution to the problem.

Local anaesthetic (excluding appointment fee) - £70

Dermatophyte Test Strip - £45 (excluding appointment fee)

The Dermatophyte Test Strip is a breakthrough in fungal diagnosis. A simple test can be undertaken in our clinic with accurate and clear results in under 5 minutes.

Lacuna Method – from £50

The Lacuna Method treatment for fungal nails works by painlessly drilling many tiny micro holes in the infected nail plate through to the skin under the nail.

Diabetic Foot Check - £55

This appointment encompasses all treatment elements from our follow-up package as well as a full neuro-vascular, dermatological, and musculoskeletal assessment of your feet and ankles. Your bespoke diabetes foot health report will be offered to you and your GP.

Map my Mole - £70 single lesion - **£25** each extra lesion.
